

Limited Financial Aid Policy

HJC recognizes that many students will need to utilize financial aid to assist in paying their tuition. HJC also understands that many students transfer to the college from another school. If HJC reviews your financial aid eligibility and determines that you will not have enough financial aid to cover the cost of tuition required to complete your degree at the college, the college will require that you begin making payments on the total cost of the degree. The payments will be divided into monthly payments that will allow the student to utilize as much remaining financial aid over as much of the enrollment as possible.

The goal of this policy is to ensure that students do not enroll in a program that they cannot complete due to lack of financial aid eligibility.
